DETAILED ACTION

Double Patenting

1. A rejection based on double patenting of the "same invention" type finds its support in the language of 35 U.S.C. 101 which states that "whoever invents or discovers any new and useful process ... may obtain a patent therefor ..." (Emphasis added). Thus, the term "same invention," in this context, means an invention drawn to identical subject matter. See *Miller v. Eagle Mfg. Co.*, 151 U.S. 186 (1894); *In re Ockert*, 245 F.2d 467, 114 USPQ 330 (CCPA 1957); and *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970).

A statutory type (35 U.S.C. 101) double patenting rejection can be overcome by canceling or amending the conflicting claims so they are no longer coextensive in scope. The filing of a terminal disclaimer cannot overcome a double patenting rejection based upon 35 U.S.C. 101.

Claims 1-20 are rejected under 35 U.S.C. 101 as claiming the same invention as that of claims 1-20 of prior U.S. Patent No. 6,785,975. This is a double patenting rejection.

Response to Arguments

2. Applicant's arguments filed 22 SEP 2004 have been fully considered but they are not persuasive. The applicant argues that the claims in the instant application are significantly different than the claims of the previously patented application. Specifically, the applicant points out that independent claims 1, 15 and 9 from application 10/604,625 (now US Pat. No. 6,785,975) are different from the independent claims 1, 11 and 17 of the instant application. This is not true. US Pat. No. 6,785,975 has *the exact same claims* as the instant application, including independent claims 1, 11 and 17. Claims 15 and 9 are not independent claims in US Pat. No. 6,785,975.

Art Unit: 2859

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
